

Operative G T Purdy

Oct. 29th, 1926

Re: Dr. Hall and Mrs. Mills visiting drug store and having ice cream sodas on several occasions before the murders.

Mr. Anthony Robitsch, proprietor of College Pharmacy, at 47 Eastern Avenue.

Operative interviewed Mr. Robitsch this A.M. and he states that he knew Dr. Hall well as he often came to his store alone and they talked about trips which they had taken. He also stated that Dr. Hall came to his store several times accompanied by Mrs. Mills and they had ice cream sodas together. He states that he never heard their conversations and never held a conversation with Mrs. Mills.

Mr. Robitsch could not give any information which was of value.

Respectfully submitted:
